Bhivaramji Vidyalaya, Wadegaon	Per:89.80

Academic Project

- ❖ **Classic Whiteboard(**Git-Hub**)**

  Created a whiteboard using JavaScript, HTML, and CSS.

  It has features like a pencil with different colors, an eraser with adjustable sizes, sticky notes, sticky images, and a download option for the board.
  Implemented an Undo-Redo feature for the board using arrays as stacks to store positions.

- ❖ **Real-Time Sports Score Application Using API (Link)**

  The development of a real-time sports score application is driven by the need for sports enthusiasts to stay updated with live scores and match information.
  Technologies Used: Html, CSS, JavaScript, API Integration.

Internship

- **Full Stack Web Development Internship Certification**
  - Completed a Full Stack Web Development Internship with Prepinsta from January 2024 to March 2024.
  - Gained practical experience and proficiency in full stack web development technologies through hands-on projects and structured training.
  - Developed skills in building responsive web applications, implementing front-end interfaces using HTML, CSS, and JavaScript, and integrating with back-end services using Node.js and Express.js.
